

SHIPPING ITEMS TO UMD - STUDENTS/TEACHERS

Anyone shipping items to the University of Maryland, College Park, must follow these instructions to ensure your package(s) arrive.

The University of Maryland Stamp Student Union will only accept shipments from **June 8 - June 16, 2026**. Packages received **before June 8** will not be accepted. The University of Maryland will not accept any shipments that arrive C.O.D. The Stamp Student Union does not receive USPS packages on Saturdays. If you plan to use the postal service, ensure your package arrives on or before **Friday, June 12**.

Packages will be delivered to the [Prince George's Room](#) in the Stamp Student Union. This is where you will retrieve your package(s). To ensure your package(s) arrive at the Prince George's Room, please purchase the handling labels available during online registration (in the Store). Put your name(s) on and/or decorate the boxes to make packages easier to find. Remember, hundreds of other packages will be in the Prince George's room as well as yours. To avoid "missing" packages, add "Request Signature Upon Delivery" from your shipping provider when you ship items. That way, UMD can narrow down employees/departments who signed for packages, if any do not end up in the Stamp Student Union.

If you need any tools to open your boxes or assemble your items, please bring them with you. You must be able to carry/move the items yourself, as the staff will not be able to assist you with carrying the items or provide carts for transporting them.

Neither STAMP staff nor the University of Maryland can assume responsibility for lost packages. Staff will make reasonable efforts to assist in locating a missing item; however, delivery accuracy cannot be guaranteed.

The individual shipping the item is responsible for transporting it to their judging site.
